

The below list contains Mechanical, Mechatronics projects & ideas for your reference purposes. We can relevantly customize and deliver these ideas according to your expected, overall project requirements.

## PROJECT IDEAS [Mechanical + Mechatronics]

- 1) 360 degree car-rotation through jack system
- 2) 4 wheel steering system
- 3) A robot system for fire fighting in tunnels
- 4) Accident avoiding system for heavy cutting machine
- 5) Accident avoiding system for punching machine
- 6) Accident avoiding system in heavy cutting machine
- 7) Accident avoiding system in punching machine
- 8) Accident preventing system for automatic pneumatic printing press
- 9) ACC+ (Adaptive Cruise Control+) system
- 10) Active electrically controlled suspension
- 11) Adaptive cruise control system
- 12) Aircraft controlling system (flying model)
- 13) Aircraft controlling system (glider model)
- 14) AI based fire fighting AGV
- 15) AI (Artificial Intelligence) based path finding vehicle
- 16) Air car
- 17) Air cars
- 18) Air engine
- 19) Air power car
- 20) Air purifier
- 21) Amphibian robotic car RF control
- 22) Intelligent mobile robot navigation technique using RF technology

All Mechanical/Mechatronics projects, ideas & domains mentioned in this document are for your reference and informational purposes only. We can relevantly customize and deliver these ideas according to your expected project requirements and the overall feasibility analysis.

- 23) Anti collision train
- 24) Anti lock breaking system
- 25) Anti lock moving vehicle
- 26) Anti-lock braking system (ABS)
- 27) Anti-lock braking system in four wheeler (ABS)
- 28) AI based automatic path finding video analyzing vehicle
- 29) AI based solar vehicle
- 30) Auto charging grinding machine with solar power
- 31) Auto clutch for automobile
- 32) Auto indexing gear cutting attachment for pneumatic shaping machine
- 33) Automatic helmet wiper
- 34) Automatic ventilation for window
- 35) Auto tracking for solar panel to improve performance
- 36) Automated guided vehicle (AGV)
- 37) Automatic accident avoiding system for machines
- 38) Automatic acrylic sheet bending machine (heater control)
- 39) Automatic automotive block heater connection
- 40) Automatic bar feeding mechanism for hack saw machine
- 41) Automatic birds scarier machine
- 42) Automatic boring mechanism for foundries
- 43) Automatic bottle washing machine
- 44) Automatic break failure and engine over heating indication
- 45) Automatic break failure indicator and engine over heating alarm
- 46) Automatic car parking system for apartment building
- 47) Automatic cylinder boring machine
- 48) Automatic dam shutter control system
- 49) Automatic differential unit locking system for automobile
- 50) Automatic dish washing machine
- 51) Automatic distance measurement and braking system by using ultrasonic waves

- 52) Automatic double axis welding machine
- 53) Automatic electro-hydraulic braking system for four wheeler
- 54) Automatic electro-magnetic clutch
- 55) Automatic electro-plating coating process
- 56) Automatic gate open/close system
- 57) Automatic gear shifting
- 58) Automatic gear shifting for cycle
- 59) Automatic head light dim and bright controller with engine overheating alarm
- 60) Automatic high speed bottle washing machine
- 61) Automatic lamination machine
- 62) Automatic lawn-mover
- 63) Automatic material handling fire fighting robot
- 64) Automatic moisture and light controlling system
- 65) Automatic moisture and light controlling system for garden
- 66) Automatic motorized door open/close mechanism
- 67) Automatic multi-level parking system
- 68) Automatic packing control machine
- 69) Automatic packing control machine for industrial application
- 70) Automatic paddle power punching machine
- 71) Automatic paint marking machine for sprocket manufacturing industries
- 72) Automatic paint spraying equipment
- 73) Automatic paint spraying pick and place equipment
- 74) Automatic pick and place paint spraying equipment
- 75) Automatic plant water moistening system for garden
- 76) Automatic pneumatic bumper for four wheeler
- 77) Automatic pneumatic cold chamber dye casting machine
- 78) Automatic pneumatic gear changer
- 79) Automatic pneumatic grinding machine
- 80) Automatic pneumatic multi-purpose press

- 81) Automatic pneumatic paper cup folding machine
- 82) Automatic pneumatic reciprocating water pumping system
- 83) Automatic pneumatic spring end grinding machine
- 84) Automatic pneumatic vice and jack
- 85) Automatic pneumatic vulcanizing machine
- 86) Automatic pneumatic vulcanizing machine using heat sensor
- 87) Automatic pneumatic welding machine
- 88) Automatic pneumatic welding robot
- 89) Automatic potato chips making machine
- 90) Automatic power saving conveyor for industrial application
- 91) Automatic pressure controller valve open/close arrangement
- 92) Automatic railways signaling system
- 93) Automatic rain operated wiper
- 94) Automatic rain operated wiper and head light dim/bright controller
- 95) Automatic rain wiper hydraulic stair system
- 96) Automatic reserve indication system
- 97) Automatic rotating table with sequence operating machine
- 98) Automatic scrap collecting vehicle
- 99) Automatic sensor based wall painting robot
- 100) Automatic sensor operated pneumatic braking system
- 101) Automatic shoe polishing machine
- 102) Automatic sky car parking system
- 103) Automatic solar street light controller
- 104) Automatic steering control mechanism using sensor
- 105) Automatic temperature controller with cooling system for car
- 106) Automatic track guided vehicle (ATGV)
- 107) Automatic unmanned railway crossing control
- 108) Automatic vegetable (or) lemon cutting machine
- 109) Automatic vehicle accident information system

- 110) Automatic vehicle accident prevention system
- 111) Automatic vehicle over speed controlling system
- 112) Automatic vehicle speed measuring using IR rays
- 113) Automatic visitor guided with material handling vehicle
- 114) Automatic vulcanizing machine
- 115) Automatic water level indicator and controlling system
- 116) Automatic water level sensing crane
- 117) Automatic water tape controlling system
- 118) Automatic wind blade pitch controlling system
- 119) Button operated electro-magnetic gear shifting system for two wheeler
- 120) Cable recoil system that does not use a spring, recoil is on a rotating shaft
- 121) Cam-less engine with electromechanical valve actuator
- 122) Catalytic converter for cars
- 123) Cell phone controlled jumping robot
- 124) Cell phone controlled pick and place robot
- 125) Cell phone controlled pneumatic 4-axis material handling equipment
- 126) Cell phone controlled solar vehicle
- 127) Chisel plough
- 128) Clap operated car
- 129) CNC cutting machine
- 130) CNC drilling machine
- 131) CNC lathe machine
- 132) Coconut tree sprayer
- 133) Coin base pin ball control games
- 134) Combined hydraulic and disk brake
- 135) Combined hydraulic and disk brake system
- 136) Compressed air disk brakes
- 137) Compressed air production using speed breaker
- 138) Compressed air production using vehicle suspensor

- 139) Compressor-less refrigerator
- 140) Compressor less refrigerator
- 141) Computer controlled mini vehicle
- 142) Computer controlled wireless robot with wireless camera
- 143) Conversion of tap or salty bore well water into purest, bottled drinking water
- 144) Conveyor arm
- 145) Cordless security system for cars
- 146) Correlation of sinusoidal sweep test to field random vibrations
- 147) CVT
- 148) CVT using cone
- 149) Design & Fabrication of abrasive belt grinder
- 150) Design & Fabrication of abrasive cutting machine
- 151) Design & Fabrication of activated carbon manufacturing plant
- 152) Design & Fabrication of automatic coil winding machine
- 153) Design & Fabrication of automatic drilling and tapping machine
- 154) Design & Fabrication of automatic embossing drilling machine
- 155) Design & Fabrication of automatic lubrication machine
- 156) Design & Fabrication of automatic lubrication system
- 157) Design & Fabrication of automatic pneumatic ramming machine
- 158) Design & Fabrication of automatic pneumatic riveting machine
- 159) Design & Fabrication of chemical powered system (cps)
- 160) Design & Fabrication of chemical processing plant
- 161) Design & Fabrication of circular cutting machine
- 162) Design & Fabrication of contour turning attachment for lathe
- 163) Design & Fabrication of gas converted power sprayer
- 164) Design & Fabrication of gear type injection molding machine
- 165) Design & Fabrication of hot and cold water dispenser
- 166) Design & Fabrication of hydraulic injection molding machine
- 167) Design & Fabrication of hydraulic lift with power pack

- 168) Design & Fabrication of hydraulic lift with pressure booster
- 169) Design & Fabrication of hydraulic press with power pack
- 170) Design & Fabrication of hydraulic scissor lifter
- 171) Design & Fabrication of hydraulic scissor plat form machine with power pack
- 172) Design & Fabrication of hydro-pneumatic vice with pressure booster
- 173) Design & Fabrication of injection molding machine
- 174) Design & Fabrication of gear profile error detector
- 175) Design & Fabrication of manual coil winding machine
- 176) Design & Fabrication of micro boring attachment
- 177) Design & Fabrication of mini hydraulic press
- 178) Design & Fabrication of mini hydraulic press machine
- 179) Design & Fabrication of multi-engine air compressor
- 180) Design & Fabrication of multipurpose pneumatic pressing machine
- 181) Design & Fabrication of pneumatic auto feed drilling machine
- 182) Design & Fabrication of pneumatic auto feed punching and riveting machine
- 183) Design & Fabrication of pneumatic auto feed punching machine
- 184) Design & Fabrication of pneumatic auto feed riveting machine
- 185) Design & Fabrication of pneumatic automatic printing press
- 186) Design & Fabrication of pneumatic automatic punching and riveting machine
- 187) Design & Fabrication of pneumatic bearing press system
- 188) Design & Fabrication of pneumatic bearing puller
- 189) Design & Fabrication of pneumatic four-axis material handling equipment
- 190) Design & Fabrication of pneumatic high speed hack saw machine
- 191) Design & Fabrication of pneumatic injection molding machine
- 192) Design & Fabrication of pneumatic multipurpose press
- 193) Design & Fabrication of pneumatic multipurpose press system
- 194) Design & Fabrication of pneumatic printing press machine
- 195) Design & Fabrication of pneumatic ramming machine
- 196) Design & Fabrication of pneumatic reciprocating hack saw machine

- 197) Design & Fabrication of pneumatic reciprocating water pumping system
- 198) Design & Fabrication of pneumatic slow & high speed drilling machine
- 199) Design & Fabrication of pneumatic vice
- 200) Design & Fabrication of scissor platform machine
- 201) Design & Fabrication of scissor platform with hydraulic power pack
- 202) Design & Fabrication of screw slotting machine
- 203) Design & Fabrication of self primary centrifugal pump
- 204) D&F of triangular air compressor with common compression chamber
- 205) Design & Fabrication of two stage self primary pump
- 206) Design & Fabrication of wall grove cutting machine
- 207) Design & Fabrication of hydraulic lift using pressure booster
- 208) Design & Fabrication of hydro-pneumatic vice using pressure booster
- 209) Design & Fabrication of pneumatic material handling equipment
- 210) Design & Fabrication of portable slotting machine
- 211) Design & fabrication of conveyor automation
- 212) Design and development of voice-operated intelligent mobile robot
- 213) Design and fabrication of cam vice
- 214) Design of pressure vessel to code specification
- 215) Heat recovery steam generator
- 216) Diesel engines working, repair and maintenance
- 217) Differential system
- 218) Digital controlled coil winding machine
- 219) Digital fuel level indicator
- 220) Digital locking (fuel, ignition, side lock) system (password) for two wheeler
- 221) Digital locking system for material handling vehicle
- 222) Digital sun seeker
- 223) Disc brake
- 224) Electromagnetic safe locker with code system
- 225) Effects of solder-dipping as a termination re-finishing technique

- 226) Efficiency increasing system in automobile
- 227) Efficiency increasing system in automobile by using preheating method
- 228) Efficient pneumatic motor design
- 229) Electromagnetic arm
- 230) Electromagnetic engine
- 231) Electromagnetic car
- 232) Electromagnetic shock absorber
- 233) Electromagnetic conveyor
- 234) Electric two wheeler with rechargeable battery (foldable type)
- 235) Electrical power generation system using railway track
- 236) Electrical power generation using foot steps
- 237) Electrical power generation using hydro power plant
- 238) Electrical power generation using railway track
- 239) Electrical power generation using speed breaker
- 240) Electrical power generation using steam power plant
- 241) Electrical power generation using thermal power plant
- 242) Electrical spot welding machine
- 243) Electricity and water pumping system using wind mill
- 244) Electricity from jogging
- 245) Electricity from speed breaker
- 246) Electricity from DJ dance floor
- 247) Electro hydraulic system for automation in vehicle
- 248) Electro-hydraulic system for automation
- 249) Electro-hydraulic system for automation in four wheeler
- 250) Electromagnetic disk brakes
- 251) Electromagnetic levitation
- 252) Electronic assisted hydraulic braking system
- 253) Electronic assisted hydraulic breaking system
- 254) Electronic fuel injection (EFI)

- 255) Electronic fuel injection (EFI) system for two wheeler
- 256) Electronic valve actuation in combustion engine
- 257) Electricity from paddle power with mobile charger
- 258) Electromagnetic breaking system
- 259) Emergency braking system in four wheeler (EBS)
- 260) Energy saving light arrangement
- 261) Fabrication automatic differential unit locking system
- 262) Fabrication folding mobile with gas and petrol
- 263) Fabrication of abrasive jet machine
- 264) Fabrication of accident preventing system in cutting machine
- 265) Fabrication of activated carbon manufacturing plant
- 266) Fabrication of adaptive breaking system
- 267) Fabrication of agricultural motor pump running using solar power
- 268) Fabrication of air bag automation
- 269) Fabrication of air leak detector
- 270) Fabrication of arbor presses machine
- 271) Fabrication of auto feed pneumatic vice
- 272) Fabrication of automatic bottle washing machine
- 273) Fabrication of automatic car overtaking system
- 274) Fabrication of automatic cold chamber die casting machine
- 275) Fabrication of automatic dish washing machine
- 276) Fabrication of automatic electro hydraulic braking system
- 277) Fabrication of automatic electro hydraulic jack
- 278) Fabrication of automatic electro-hydraulic jack for four wheeler
- 279) Fabrication of automatic foot dust cleaning machine
- 280) Fabrication of automatic hand break release
- 281) Fabrication of automatic head lamp alignment system with dim/bright controller
- 282) Fabrication of automatic humidification system
- 283) Fabrication of automatic magnetic accident prevention for train

- 284) Fabrication of automatic multi point grease gun
- 285) Fabrication of automatic multi-purpose press
- 286) Fabrication of automatic pneumatic bottle washing machine
- 287) fabrication of automatic pneumatic chapatti making machine
- 288) Fabrication of automatic pneumatic hammer
- 289) Fabrication of automatic pneumatic jack
- 290) Fabrication of automatic pneumatic jack for four wheeler
- 291) Fabrication of automatic pneumatic reciprocating grinding machine
- 292) Fabrication of automatic pneumatic shaping machine
- 293) Fabrication of automatic pneumatic stand for two wheeler
- 294) Fabrication of automatic punching/printing conveyor
- 295) Fabrication of automatic railway gate controller
- 296) Fabrication of automatic reverse braking system for automobile
- 297) Fabrication of automatic sofa comports
- 298) Fabrication of automatic spring rolling machine
- 299) Fabrication of automatic steering control system for automobile
- 300) Fabrication of automatic steering mechanism
- 301) Fabrication of automatic temperature controller with cooling system
- 302) Fabrication of automatic typical pipe cutting machine
- 303) Fabrication of automatic vehicle over speed controlling system for school zone
- 304) Fabrication of battery car
- 305) Fabrication of battery cycle
- 306) Fabrication of bending/bend removing machine
- 307) Fabrication of bottle cooler
- 308) Fabrication of bottling of sugarcane juice machine
- 309) Fabrication of brass screw threading and tapping machine
- 310) Fabrication of bucket wheel escalator
- 311) Fabrication of cam operated valve
- 312) Fabrication of car automation

- 313) Fabrication of cat elite converter for automobile
- 314) Fabrication of CNC drilling machine
- 315) Fabrication of CNC pneumatic packing control machine
- 316) Fabrication of CNC pneumatic punching machine
- 317) Fabrication of coin separator machine
- 318) Fabrication of coir making machine
- 319) Fabrication of cold chamber die casting machine
- 320) Fabrication of concave attachment for lathe
- 321) Fabrication of concave attachment in shaper
- 322) Fabrication of conveyer operated robot hand model
- 323) Fabrication of cooling tower
- 324) Fabrication of copper wire cutting machine
- 325) Fabrication of cylinder block boring machine
- 326) Fabrication of cylindrical grinding machine
- 327) Fabrication of cylindrical tapping machine
- 328) Fabrication of tetra-fan for industrial application
- 329) Fabrication of domestic floor mill
- 330) Fabrication of domestic wind mill
- 331) Fabrication of dossa maker
- 332) Fabrication of double axis pneumatic JCB
- 333) Fabrication of double axis pneumatic JCB equipment
- 334) Fabrication of double drum wet grinder
- 335) Fabrication of double effecting solar cooker
- 336) Fabrication of double reflection solar cooker
- 337) Fabrication of eccentric press machine
- 338) Fabrication of electric two wheeler
- 339) Fabrication of electric two wheeler with rechargeable battery
- 340) Fabrication of electrical steering mechanism
- 341) Fabrication of electro-hydraulic braking system for four wheeler

- 342) Fabrication of electro-magnetic braking system for automobile
- 343) Fabrication of electronic braking system
- 344) Fabrication of electronic hack saw machine
- 345) Fabrication of electronic ignition system
- 346) Fabrication of emission control of diesel engine
- 347) Fabrication of escalator
- 348) Fabrication of fiber extracting machine
- 349) Fabrication of floor cleaning machine
- 350) Fabrication of fly press machine
- 351) Fabrication of foldable electric go bed drive
- 352) Fabrication of foldable two wheeler
- 353) Fabrication of foot step power generation
- 354) Fabrication of four wheel steering system
- 355) Fabrication of Francis turbine
- 356) Fabrication of friction welding machine
- 357) Fabrication of fuel injector testing equipment
- 358) Fabrication of fully automated drilling machine
- 359) Fabrication of fully automated intelligent vehicle (car model)
- 360) Fabrication of furnace using infrared lamp
- 361) Fabrication of gas kit circuit board for two and four wheeler
- 362) Fabrication of gas kit for four wheeler
- 363) Fabrication of gas kit for power sprayer
- 364) Fabrication of gas kit for two wheeler
- 365) Fabrication of gear level indicator for automobile
- 366) Fabrication of go pad drive
- 367) Fabrication of grass cutting machine
- 368) Fabrication of grid interactive inverter (wind mill)
- 369) Fabrication of ground dryer
- 370) Fabrication of hand operated edge folding machine

- 371) Fabrication of high speed portable pipe cutting machine
- 372) Fabrication of home floor mill
- 373) Fabrication of hot and cold water dispenser
- 374) Fabrication of hybrid system for home
- 375) Fabrication of hybrid vehicle
- 376) Fabrication of hydraulic 3 axis modern trailer
- 377) Fabrication of hydraulic break show riveting machine
- 378) Fabrication of hydraulic cylinder liner puller
- 379) Fabrication of hydraulic disk brake
- 380) Fabrication of hydraulic hand operated bus bar bender
- 381) Fabrication of hydraulic hand operated pipe bending machine
- 382) Fabrication of hydraulic hybrid system
- 383) Fabrication of hydraulic hybrid system for four wheeler
- 384) Fabrication of hydraulic ladder
- 385) Fabrication of hydraulic lift with power pack
- 386) Fabrication of hydraulic oil pump testing equipment
- 387) Fabrication of hydraulic operated adaptive breaking system
- 388) Fabrication of hydraulic pallet truck
- 389) Fabrication of hydraulic pipe bending machine
- 390) Fabrication of hydraulic pressure testing pump
- 391) Fabrication of hydraulic puller for automobile
- 392) Fabrication of hydraulic revolving multi-purpose trailer
- 393) Fabrication of hydraulic screw jack
- 394) Fabrication of hydraulic trolley type jack
- 395) Fabrication of hydraulic vice with power pack
- 396) Fabrication of hydro coupling mechanism
- 397) Fabrication of hydro power plant
- 398) Fabrication of hydro-pneumatic clamping system
- 399) Fabrication of impulse turbine

- 400) Fabrication of intelligent motorized hydraulic jack
- 401) Fabrication of kids car
- 402) Fabrication of LLDP material extruder
- 403) Fabrication of lamination machine
- 404) Fabrication of lathe coolant pump with fitting arrangement
- 405) Fabrication of lawn mover
- 406) Fabrication of level operated conical bending machine
- 407) Fabrication of lube oil cooler
- 408) Fabrication of magnetic coolant filter
- 409) Fabrication of magnetic iron separator
- 410) Fabrication of magneto-bearing system
- 411) Fabrication of maize de-husker
- 412) Fabrication of man less defense
- 413) Fabrication of mantles defense
- 414) Fabrication of marine engine model
- 415) Fabrication of micro wave oven
- 416) Fabrication of milling attachment for lathe
- 417) Fabrication of mini hydraulic hand operated zip crane
- 418) Fabrication of mini milling machine
- 419) Fabrication of mini water heater
- 420) Fabrication of mini water service station
- 421) Fabrication of miniature boiler
- 422) Fabrication of miniature lathe
- 423) Fabrication of mirror cutting machine by using compressed air
- 424) Fabrication of mist coolant system
- 425) Fabrication of mosaic polishing machine
- 426) Fabrication of motorized crane
- 427) Fabrication of motorized hydraulic jack
- 428) Fabrication of motorized screw jack

- 429) Fabrication of motorized screw jack for vehicles
- 430) Fabrication of motorized sheet rolling machine
- 431) Fabrication of motorized zip crane
- 432) Fabrication of multi drill holder
- 433) Fabrication of multi functional wind mill
- 434) Fabrication of multi nut (wheel) tighter
- 435) Fabrication of multi nut tighter
- 436) Fabrication of multi-engine compressor
- 437) Fabrication of multi-process cutter
- 438) Fabrication of multipurpose sheet metal machine
- 439) Fabrication of multi-speed gear box
- 440) Fabrication of non conventional air compressor
- 441) Fabrication of non-conventional air compressor
- 442) Fabrication of oil pump and water pump for jeep and tractor
- 443) Fabrication of oil pump testing equipment
- 444) Fabrication of pantograph universal gas cutting machine
- 445) Fabrication of paper cup folding machine
- 446) Fabrication of paper cup making machine
- 447) Fabrication of path finding robot
- 448) Fabrication of path finding vehicle
- 449) Fabrication of pc based auto feed pneumatic vice
- 450) Fabrication of pc based pick and place sequence robot
- 451) Fabrication of pc based pneumatic ramming machine
- 452) Fabrication of pc based solar car
- 453) Fabrication of pc based solar e-car
- 454) Fabrication of pedal washing machine
- 455) Fabrication of pedestal spot welding machine
- 456) Fabrication of pelting wheel turbine
- 457) Fabrication of pipe thread cutting machine

- 458) Fabrication of plate bending machine
- 459) Fabrication of pneumatic 4-axis JCB equipment
- 460) Fabrication of pneumatic auto feed bottle washing machine
- 461) Fabrication of pneumatic auto feed metal forming machine
- 462) Fabrication of pneumatic auto feed riveting machine
- 463) Fabrication of pneumatic auto gear changer
- 464) Fabrication of pneumatic auto indexing drilling machine
- 465) Fabrication of pneumatic automatic sheet cutting machine
- 466) Fabrication of pneumatic automatic vegetable cutting machine
- 467) Fabrication of pneumatic ball printing robot
- 468) Fabrication of pneumatic bearing press
- 469) Fabrication of pneumatic bearing puller
- 470) Fabrication of pneumatic belt conveyor
- 471) Fabrication of pneumatic bending/bend removing machine
- 472) Fabrication of pneumatic cutting and grinding machine
- 473) Fabrication of pneumatic drill jig
- 474) Fabrication of pneumatic high speed reciprocation hack saw machine
- 475) Fabrication of pneumatic injection molding machine
- 476) Fabrication of pneumatic machining time reduction in shaping machine
- 477) Fabrication of pneumatic mobile crane
- 478) Fabrication of pneumatic multipurpose grinder
- 479) Fabrication of pneumatic multipurpose machine
- 480) Fabrication of pneumatic operated automatic packing control machine
- 481) Fabrication of pneumatic operated conveyor automation
- 482) Fabrication of pneumatic operated inspection conveyor
- 483) Fabrication of pneumatic operated ladle tilting mechanism for foundries
- 484) Fabrication of pneumatic paper cup making machine
- 485) Fabrication of pneumatic pick and place robot
- 486) Fabrication of pneumatic punch die

- 487) Fabrication of pneumatic quick return mechanism
- 488) Fabrication of pneumatic reciprocating water pumping system
- 489) Fabrication of pneumatic sander and polisher machine
- 490) Fabrication of pneumatic screw driver machine
- 491) Fabrication of pneumatic sheet cutting machine
- 492) Fabrication of pneumatic slotting machine
- 493) Fabrication of pneumatic trainer kit with air compressor
- 494) Fabrication of pneumatic vice
- 495) Fabrication of portable service unit
- 496) Fabrication of potato chips making machine
- 497) Fabrication of queries controlling system for two wheeler
- 498) Fabrication of radial plunger pump
- 499) Fabrication of refrigeration system (trainer)
- 500) Fabrication of remote controlled scrap collecting vehicle
- 501) Fabrication of remote operated belt conveyor
- 502) Fabrication of remote operated weapon system
- 503) Fabrication of revolving gate compressor
- 504) Fabrication of road curve finder
- 505) Fabrication of road marking machine
- 506) Fabrication of rotary gear pump
- 507) Fabrication of rotary Keller
- 508) Fabrication of rotary Keller, load tests on composite material
- 509) Fabrication of rotary pump
- 510) Fabrication of rubber melting machine
- 511) Fabrication of sand collecting machine
- 512) Fabrication of seeds sprayer
- 513) Fabrication of self feed drilling machine
- 514) Fabrication of semi-circular cutting machine
- 515) Fabrication of sensor operated AGV

- 516) Fabrication of sensor operated automatic ramming machine
- 517) Fabrication of sensor operated pneumatic automatic punching machine
- 518) Fabrication of sewage water treatment plant
- 519) Fabrication of sheet metal cutting machine
- 520) Fabrication of sheet rolling machine
- 521) Fabrication of sheet straightening machine
- 522) Fabrication of shot blasting machine
- 523) Fabrication of slotting attachment in drilling machine
- 524) Fabrication of smart shock absorber
- 525) Fabrication of solar-powered air conditioner
- 526) Fabrication of solar-powered agro sprayer
- 527) Fabrication of solar-powered air conditioning machine
- 528) Fabrication of solar-powered air cooler
- 529) Fabrication of solar-powered air cooler heater
- 530) Fabrication of solar-powered air cooler and heater with auto tracking
- 531) Fabrication of solar-powered air cooler with heater
- 532) Fabrication of solar-powered air dryer
- 533) Fabrication of solar-powered air dryer with auto tracking system
- 534) Fabrication of solar-powered automated track guided vehicle (solar ATGV)
- 535) Fabrication of solar-powered automatic cell phone charger with pay system
- 536) Fabrication of solar-powered automatic dish washing machine
- 537) Fabrication of solar-powered automobile fridge
- 538) Fabrication of solar-powered birds scarier
- 539) Fabrication of solar-powered board cleaner
- 540) Fabrication of solar-powered car
- 541) Fabrication of solar-powered cycle
- 542) Fabrication of solar-powered fan with lighting system
- 543) Fabrication of solar-powered fertilizer sprayer

- 544) Fabrication of solar-powered fridge
- 545) Fabrication of solar-powered hybrid car
- 546) Fabrication of solar-powered irrigation system
- 547) Fabrication of solar-powered kettle (or) solar parabolic collector
- 548) Fabrication of solar-powered lighting system
- 549) Fabrication of solar-powered lighting system with auto tracking
- 550) Fabrication of solar-powered panel auto tracking
- 551) Fabrication of solar-powered generation with auto tracking
- 552) Fabrication of solar powered automobile air cooler
- 553) Fabrication of solar powered remote controlled weapon system
- 554) Fabrication of solar powered tea leaf cutting machine
- 555) Fabrication of solar powered thermo-electric refrigerator
- 556) Fabrication of solar-powered race car
- 557) Fabrication of solar-powered railway track crack detecting vehicle
- 558) Fabrication of solar-powered refrigeration system
- 559) Fabrication of solar-powered remote controlled pick and place video analyzing vehicle
- 560) Fabrication of solar-powered seed dryer
- 561) Fabrication of solar-powered seed dryer with auto tracking
- 562) Fabrication of solar-powered seeds sprayer
- 563) Fabrication of solar-powered train
